

TAYLOR'S BRACE AND LARGE

SKU: MP10035

Categories: [Brace](#)

Description

Two rigid, upright para-spinal bars which maintain the spine in neutral position while permitting requisite movement. All the vertical as well as horizontal malleable aluminum splints can be customized to provide perfect shape for excellent immobilization and comfort. Light weight splints with good cushioning improve comfort and patient compliance. Clavicle straps correct the shoulder posture while ensuring better fit. Double Elastic Panel allows easy application and removal of the brace.
