

# Optera Video Gastrointestinal Scope-GIF H170

SKU: MP13248

Categories: [Gastrosopes](#)

## Description

### Key-Benefits

**HDTV Image Quality** HDTV captures and displays clear images with precise details and accurate colors, helping you to perform more advanced procedures. **NBI (Narrow Band Imaging)** NBI facilitates observation of capillaries and other structures on the mucosal surface. It helps identify suspicious areas. **Close Focus** Close focus enables you to obtain an enlarged, close-up image by moving the scope tip as close as 2 mm from the mucosa. **Slim Design** GIF-H170 offers an excellent balance of both size and performance with its 9.2 mm outer diameter. **Waterproof Connector** The newly designed connector is fully submersible and therefore eliminates the need for a water-resistant cap, while minimizing the risk of damage due to accidental immersion.
