

# SIEMENS MAGNETOM ESSENZA 1.5T

SKU: MP14881

Categories: [Close MRI](#)

## Description

The Siemens MAGNETOM Essenza 1.5T MRI system is an ultra-short imaging machine built for accuracy, flexibility and affordability. Built with Total Imaging Matrix technology and an IsoCenter Matrix coil, the Siemens MAGNETOM Essenza 1.5T MRI system makes patient and coil repositioning virtually unnecessary, improving your clinical throughput and productivity.

Each used Siemens MAGNETOM Essenza 1.5T MRI system we sell enables you to create a total imaging matrix through its combination of up to 25 integrated coils and either 8 or 16 independent RF channels.
