

HITACHI APERTO LUCENT OPEN

SKU: MP14922

Categories: [Open MRI](#)

Description

The APERTO Lucent (0.4T) is the new, elegant open-sided mid-field MRI which gives high-field application clarity. By applying advanced Hitachi technologies APERTO Lucent enables accurate diagnosis using the highest image quality.

With its single pillar design the APERTO Lucent uses open space ergonomics to offer extraordinary comfort to the patient while also making examinations completely effortless.
