

SIEMENS SENSATION CARDIAC 64 SLICE

SKU: MP14989

Categories: [64 Slice Scanners](#)

Description

The Siemens Sensation Cardiac 64 CT scanner is enabled by its innovative STRATON x-ray tube. The tube was built on Siemens proprietary tube-cooling system. It includes a directly oil-cooled anode which eliminates any need for heat storage capacity. The STRATON x-ray tube design facilitates its fast gantry rotation. The elimination of cooling delays will maximize your patient throughput.
