

# GE INNOVA 3100-IQ

SKU: MP15015

Categories: [Digital X-Ray](#)

## Description

The GE Innova 3100 IQ Plus system is designed for a wide range of imaging to address your cardiac and interventional needs. The 3100 IQ has a field of view well suited for a variety of vascular and interventional procedures, from neuro to peripheral exams. Amber's pre-owned, refurbished Innova 3100 IQ also helps give you the agility for the steep angulations required for angiography.
