### Description

Huggies Dry diapers keeps your baby's skin drier and healthier with an Airfresh cover, double leak barriers and the trusted leakage protection of the quick lock system. Mothers believe that ensuring no harmful side effects is especially important when taking care of baby's skin. As it is 1/3 thinner than an adult's, baby's skin is more delicate, thus deserves the most natural care and protection from the risk of skin irritation. So, there are a few things that you should know about the new Huggies Dry:
