

# Mindray Auto Hematology Analyzer BC 2800

SKU: MP22331

Categories: [Blood Analyzer](#)

## Description

Mindray Auto Hematology Analyzer BC 2800 is a automated hematology analyzer designed for in vitro diagnostics use in blood cell counting and characterisation. This easy to use instrument is ideal for clinical laboratories. BC-2800 is a compact, fully automatic hematology analyzer with 19 parameters for CBC test and micro sampling technology. Product feature includes,

- Fully Automated instrument.
- Compact, Flexible.
- High Performance to price ratio.
- Large Colour LCD Display.(Resolution: 640x480).
- 3 Part differentiation of WBC, 19 parameters + 3 histograms.
- Throughput : 30 samples per hour.
- Up to 1000 samples results (including histograms can be stored).
- Cyanide free HGB analysis method.
- 3 counting models: All Parameters, WBC/HGB,RBC/PLT.
- Build in Thermal Printer.
- The user-friendly interface facilitates an easy and efficient workflow.
- Three-part differentiation of WBC, 19 parameters +3 histograms
- Two counting modes: whole blood and prediluted
- Sample volume: 13 ul (whole blood)
- Storage for up to 20,000 sample results (including histograms)
- Large Color LCD Display

## Product Benefits

- Ideal for small laboratories High performance to price ratio
- High accuracy and reliability
- Throughput of 30 tests per hour fits small laboratory needs
- Compact size to save space Microvolume of sample and reagents, automatic maintenance all add up to economy

- Warranty and services provided anywhere in India
