

GE Logiq P3 Color Doppler Ultrasound (Refurbished)

SKU: MP22614

Categories: [Ultrasounds](#)

Description

GE Logiq P3 Color Doppler Ultrasound The GE Logiq P3 color Doppler ultrasound is a small, lightweight ultrasound designed for offices needing an inexpensive ultrasound for general imaging and/or OB/GYN. The refurbished Logiq P3 is lower in price than other GE ultrasounds and is typically used in low volume or smaller offices or hospitals. Although it's lower in cost, it still offers high-end imaging technologies such as CrossXBeam, Tissue Harmonics, and Speckle Reduction Imaging.
