

# Hemp Seed Powder - 100g

SKU: MP36380

Categories: [Nutritions](#)

## Description

Your search for an ethical source of protein ends here! Made from raw hemp seeds this is a 100% plant-based protein with the ability to provide you with a wholesome source of nutrition. Hemp is famously known to be the only plant to make protein from Edestin - a highly digestible protein that stimulates the manufacturing process of antibodies against invasive agents and is considered the backbone of the cell's DNA. Hemp Protein Powder lends its nutritious touch to any meal so you can bake with it or add it to your smoothie- It's set to pave the way for a healthy diet! Ingredients (Full Ingredient list): Raw shelled hemp(Cannabis Sativa L.) seed powder Features:

- Build lean muscle
- Boosts Metabolism
- Increases energy level
- Aids digestive health
- Improves brain and memory function
