

Philips Trueblue Nasal Mask

SKU: MP36440

Categories: [Masks](#)

Description

Premium blue gel forms effective seal Works together with the thin, form-fitting outer silicone membrane to create an effective, self-adjusting seal. Not only does our blue gel provide extra stability, it is thinner and lighter than ever before. Intuitive forehead pad for faster fittings Is designed expressly for TrueBlue and enhanced with a remarkably soft blue gel. It supports quicker set-ups and fittings. Headgear provides extra stability The inlaid adjustable straps converge into a single back panel with a crown strap for added stability. Talon clips for easy on and off Are included, making it easy for patients to remove the mask and lock in the same fit, night after night. Angled micro port reduces exhalation noise The angle of the exhalation micro port makes operation quieter and redirects air away from a bed partner. Freeform spring allws patients to easily move Patients can easily move in any direction thanks to the freeform springs. The soft silicone spring helps patients to get a better night's sleep by limiting disturbances to the seal.
