

Eye ProtectionFront

SKU: MP41130

Categories: [Eye & Ear care](#)

Description

The Kiran range of eyewear is specially designed to protect the sensitive human eye from the harmful effects of radiation. With complete protection to the entire eye, we ensure that our eyewear never exposes Surgeons, Doctors and X-ray technicians to accidental radiation.

Benefits

Light and comfortable moulded frames for ease of wearing for long durations
Finely-ground European lead glass that absorbs 99% radiation
A wide range of models designed for differing applications
