Description

Anti Heat System (Z95L) : Our proprietary Anti Heat System dramatically reduces the heat typically experienced with speed increasing contra-angles. This feature improves patient safety without compromising manoeuvrability. The Smallest Head : The head is angled 2° more than X95L for much better visibility and accessibility even for molars and other areas that are difficult to treat. The Slimmest Neck : The slimmer neck provides much better visibility compared to existing products, delivering wide visibility of all treatment areas. 1 Handpiece with Oil Spray *
