

Electric Ortho Neck Pad

SKU: MP45632

Categories: [Durables](#), [Orthopedic](#), [Orthopedic Support](#), [Physiotherapy](#), [Rehabilitation](#)

Description

Dr. Odin Ortho Neck pad is the best heating pad for Neck Pain, and it warms your neck for efficient pain management. Localized application of heat dilates the blood vessels enhancing perfusion to the targeted tissue. Dr. Odin, Ortho Neck Heating pad, is one of the best sources of relief for Neck and Cervical Pains. Applying heat can help reduce pain and strain or over-exerted muscles. The most important aspect of heat therapy is its ability to increase blood flow to the painful areas. Heat opens up blood vessels, which allows blood and oxygen to flow more rapidly in the sore areas. Heat Therapy tends to reduce muscle spasms as well, causing the muscles, ligaments, and tendons to relax. Country of Origin:India
