

# BeatO Curv Glucometer

SKU: MP47377

Categories: [Health Innovations](#), [Home Health and Home use innovations](#)

## Short Description:

BeatO CURV Glucometer gives you the advantage of measuring your blood sugar levels, anytime, anywhere & in no time. Small in size – CURV is India's first USB Connected Glucometer that works seamlessly with all Android phones. This glucometer gives you free access to the feature-rich BeatO App, that helps you monitor better and manage diabetes. With BeatO CURV Glucometer you can share instant alerts of high or low readings with people you trust. You can choose your family member, doctor or friends all on the same platform. This seamless network ensures that you are always in charge of your blood glucose levels & can easily make the prescribed changes in your lifestyle & food habits. Also, all your readings are stored on the cloud so you can access them anytime or anywhere you want. The best thing about BeatO CURV Glucometer Kit is that it is Made in India. [Learn More](#)
