

# Dual powered Defibrillator

SKU: MP47587

## Short Description:

India's death rate due to Sudden Cardiac Arrest is 3 to 4 times that of developed countries. And we

have a solution. World's first dual powered (including hand cranked) defibrillator at 1/4th the price of big brands. We have accumulated 18+ years worth of durability data. This will significantly improve access to defibrillators to a huge portion of the world, which does not have electricity. [Learn More](#)
