

# NANOSKOP® | VACUUM OPHTHALMOSCOPE - 20.000.080

SKU: MP9622

Categories: [Oto-Ophthalmoscopes](#)

## Description

Modern pocket ophthalmoscope with LED bulb technology. Concentrated bright light for perfect illumination, a brilliant image and accurate colour rendering. Fixation star aperture with grey filter for reducing the light intensity. Excellent optics and best colour rendering in minimum dimensions, ideal for rounds and house calls. Can be used with the NANOSKOP® Handle. AUG optics produce crisp, clear images of the whole area under examination and minimise reflections. 6 different apertures. Its elegant design and classic black color makes the NANOSKOP® a medical instrument that is a pleasure to use day in and day out.
